Sunday Worship Services:

Volume 3 - Issue #7
August 2011

Dear Church Family,

The Rev. Dr. Ronald Fowler, longtime Church of God and civic leader from Akron, Ohio where I was nurtured and received my call to ministry under his spiritual leadership lead a Doctrinal Dialogue at the Anderson, Indiana, Church of God Summer Convention. This Doctrinal Dialogue was entitled, *"In Pursuit of Truth: Political Engagements in the 21st Century."*

This subject as you can very well imagine, grips our world , society and the church with a tremendous hold of lock down political and social-economic issues confronting all of us today. More importantly than the issues facing us in this maze of political and social-economic difficulty, is the intrinsic concern for the church, *"In pursuit of truth."*

While the politicians engage in ongoing dialogue concerning the social-economic despair of today, the church must continue to pursue the truth.

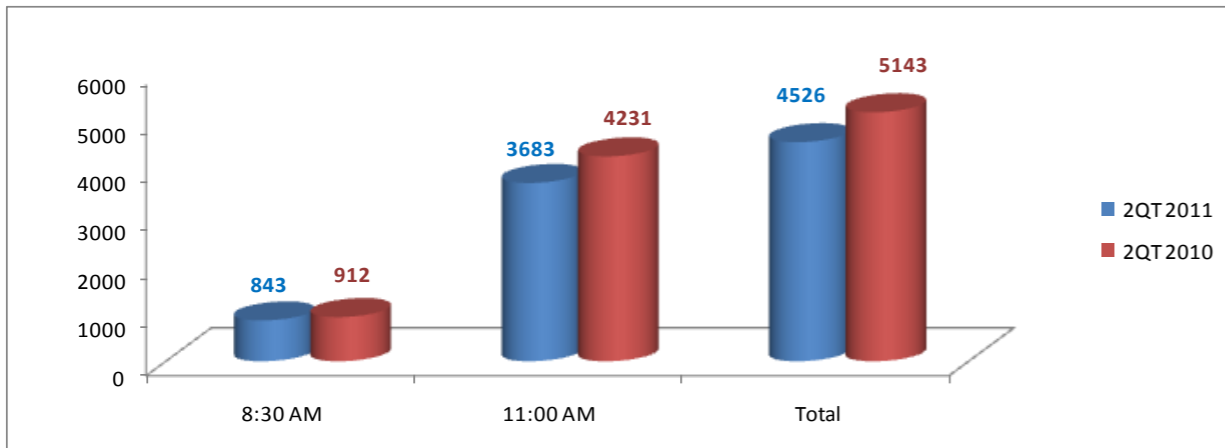

People everywhere no matter what the difficulty of our world and society, or the political climate might be, Jesus declared, *"I am the way the truth and the life:"* John 14:6 So, then what must the church continue to do in her role as the *"Beacon Light of Truth"* in these most difficult and depressing political, social-economic times? We must as the Kendall Community Church of God continue to lead people to Christ for He is this truth that we find ourselves in pursuit of. This should be our mission, our intent and our mindset for the future direction of anything we do.

In closing, Jesus declared one other important statement about truth that appears to be lost in the maze of the political and social-economic climate of the day. *"You shall know the truth and the truth shall set you free."* John 8:32 This declaration was and still is gripping the hearts of all mankind today for full discovery concerning the pursuit of truth.

*Blessings
Pastor Curry*
